

MonkeyZoo NFT License (Fusion-Friendly Version)

1. License Grant

As the lawful owner of a MonkeyZoo NFT, you are granted a non-exclusive, perpetual license to use and display the associated artwork ("NFT Media") for personal and commercial purposes. This includes use as a profile picture, merchandise, content creation, and other brand extensions, consistent with the MonkeyZoo whitepaper and terms. Ownership of the NFT does not grant any rights to MonkeyZoo logos, branding, or trademarks beyond those explicitly allowed in official documentation.

2. Fusion Rights

FusionZoo is a creative tool that allows holders to combine existing MonkeyZoo NFTs to generate new ones ("Fused NFTs"). By using FusionZoo, you agree that:

- You will not create Fused NFTs that include or resemble hateful, violent, discriminatory, obscene, or otherwise brand-damaging content.
- MonkeyZoo reserves the right to review all Fused NFTs and, at its sole discretion, block their visibility on explorers or affiliated platforms.
- MonkeyZoo may withhold or disable \$MZ token payments to any Fused NFT or original NFTs involved in the creation of harmful content.
- MonkeyZoo may blacklist wallets involved in abusive or exploitative activity to protect the broader community.

Fused NFTs are granted a license for personal use only by default. If you wish to use Fused NFTs commercially, you must request and receive written permission from the MonkeyZoo team.

3. Restrictions

You may not use the NFT Media or FusionZoo platform in any way that:

- Violates local or international laws;
- Involves hate speech, harassment, or exploitation;
- Uses MonkeyZoo IP for financial products, political messaging, or impersonation;
- Attempts to infringe upon the rights of MonkeyZoo, its community, or its partners.

By using FusionZoo, you confirm that you are 18 years or older and that you are not barred from using digital platforms or services in your jurisdiction.

4. Disclaimers

MonkeyZoo provides its NFTs and FusionZoo platform "as-is" with no guarantees of uptime, security, accuracy, or continued value. MonkeyZoo is not liable for any loss of access, resale value, or personal data.

You use FusionZoo and participate in MonkeyZoo-related experiences at your own risk.

5. Enforcement & Termination

MonkeyZoo may revoke your rights to display or receive benefits from a Project NFT or Fused NFT if you violate these terms. This includes but is not limited to:

- Blacklisting NFTs or wallets;
- Revoking \$MZ token rewards;
- Terminating license to use NFT Media.

Termination may be immediate and does not require advance notice. The following sections shall survive termination: License Grant, Restrictions, Disclaimers, and Enforcement.

6. Disputes

MonkeyZoo will seek to resolve disputes in good faith. Users agree not to bring class actions or representative claims. Any legal matters will be handled under the laws applicable in the project's jurisdiction of operation. MonkeyZoo reserves the right to act swiftly to protect its brand and community.

This license does not override the commercial rights granted in MonkeyZoo's whitepaper and Terms and Conditions for original NFTs. This license replaces and supersedes prior licenses associated with MonkeyZoo NFTs unless explicitly stated otherwise.

Please see the MonkeyZoo website www.monkeyzoo.net for the latest version of this agreement.
