As an NFT holder, you are permitted to:

- Use your NFT for personal or commercial purposes, including display, merchandise, and media.
- Create and sell derivative works based on your NFT, provided they do not use the name "The Warded Ones" or associated logos in a way that could be misleading or imply official affiliation.

3. Creator Rights

The original creators and project team retain the rights to:

- Expand the Warded Ones universe by developing new characters, collections, or media.
- Use any artwork from the collection for promotional purposes, unless a specific piece has been explicitly licensed as a 1-of-1 exclusive to a collector.

4. Modifications & Fusion

Select NFTs may be eligible for use in fusion systems, game engines, or other smart contracts that allow trait separation or transformation. Such functionality is permitted and encouraged within licensed platforms that respect the original metadata structure.

The Warded Ones assets may not be used for:

- Hate speech, incitement to violence, or political propaganda
- Creating or distributing unauthorized or counterfeit NFTs
